

# the Transit of VENUS

Cooperative Cribbage with a unique historical theme!

Work together to observe the transit across four centuries, using clever card play and indirect communication to advance scientific knowledge and fight against time.

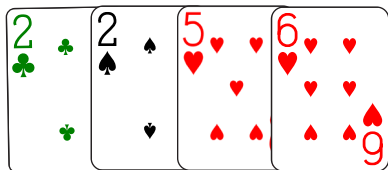

Passing roles encourages sharing points and clever setups

Cooperative environment for new Cribbage players to learn while challenging veterans with a new puzzle

## 1. Research

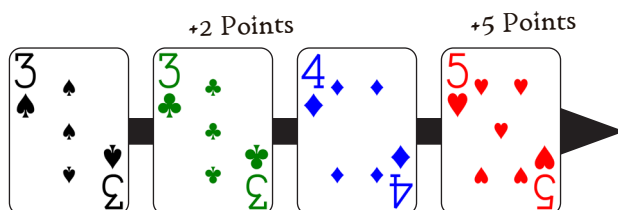

Draw your hand and pass cards to the faceup tableau

Use the tableau to communicate and pass cards

## 2. Advancement

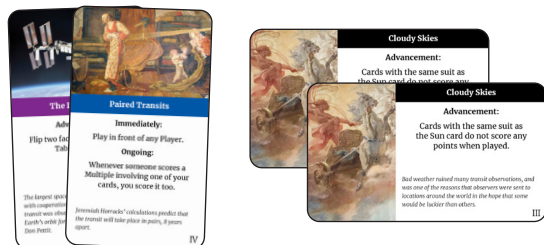

Advance your pegs by playing Cribbage, scoring for Runs, playing Multiples and hitting the sums of 15 and 31 exactly

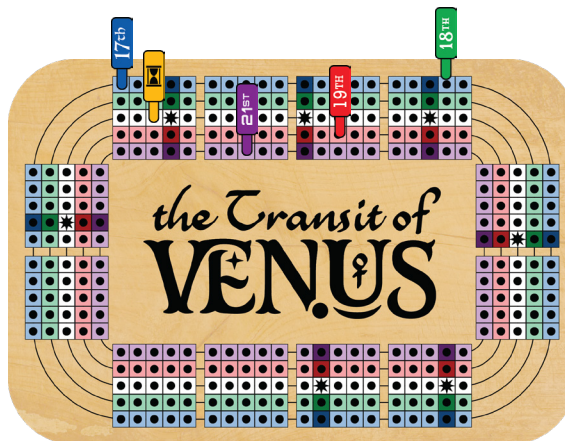

Set up your teammates to score big!

## 3. Observation

The remaining cards in the tableau score against you, moving the hourglass peg up the track

Earn bonus Milestone cards from each century, while each round a new Setback card will challenge you by twisting the rules

Stay ahead of the hourglass by the end of the game to win
